"In this life, we cannot do great things.

We can only do small things with great love." –

Mother Teresa

MEMBERS COMMENTS

Happy September Ranchers

Sure hope this month will be a little cooler than the past couple of them.

Just a reminder – Please remember our first Open Activities Meeting following our “dark” months of June, July, and August. The meeting will be September 14, 2022, in the Ballroom.

Come at 9:30 am for coffee and chatter.

The meeting starts at 10:00 am.

Yard sale update – We will NOT be selling Hot Dogs and Water as is stated on the earlier instructions. It has been decided that it would be too difficult to deliver these all over the park while all the activity of the Yard Sale is going on. Let’s hope the Yard Sale is a tremendous success.

Have a great September,

Nancy Manning – Director of Activities

SEPTEMBER FACTS

There are 30 days in the month of September, which starts on the same day of the week as December each year but does not end on the same day of the week as any other month in the year

September has three birth flowers: the *forget-me-not*, the morning glory, and the aster. Forget-me-nots represent love and memories; *asters* represent love, and the *morning glory* represents unrequited love. The birthstone for the month is the sapphire.

Constitution Day celebrates the ratification of the governing document of the United States and is observed on the 17th.

The autumnal equinox, which is the traditional transition from summer into fall, takes place on or around September 22nd, depending on the year.

September 5, 1774: The 1st Continental Congress was called to order. Comprised of delegates from all 13 American colonies, it served as the governing body during the American Revolution, from 1774 to 1789.

Two years later, on September 9, it changed the name of the United Colonies to the United States

September was once the 7th month of the year, until the winter months became official on the calendar

If you were born in September, you will be either Virgo (September 1st-22nd) or Libra (September 23rd-30th). Virgos are represented by the virgin and are known to be practical and analytical.

Libras are represented by the scales and are known to be balanced and diplomatic.

A full moon in September is known as the corn moon or harvest moon.

Corn is at its highest in September, and the harvest is set to begin.

Plants ready to harvest in September include apples, raspberries, onions, and green beans

On **September 17th, 1787**, at Independence Hall in Philadelphia, Pennsylvania the US Constitution was signed. This document, ratified by 12 US states, laid out the framework of the nation's federal government and established its three branches, executive, legislative and judicial.
